

## Impact plate

**Impact plates** made from Hawiflex® can be used at handover and transfer points of conveyor belts. They utilise the catchment compartment principle for self-protecting wear reduction.

### **Hawiflex® benefits:**

- Suitable for grain sizes up to 32 mm
- No shattering of coarse gravel upon impact
- Impact-proof and cut resistant
- Noise reducing
- Easy assembly thanks to studs at the rear
- Can be retrofitted in existing plants
- Lower maintenance expense due to long service life

### **Standard dimensions:**

650 x 275 x 60 mm

### **Low dead weight:**

just approx. 7.2 kg
